SCOPE OF INSPECTION

The scope of the inspection and report is a limited visual inspection of the general systems and components of the home to identify any system or component listed in the report which may be in need of immediate major repair. The inspection will be performed in compliance with generally accepted standards of practice, a copy of which is available upon request.

The inspection does not include any destructive testing or dismantling. Client agrees to assume all the risk for all conditions which are concealed from view at the time of the inspection. This is not a home warranty, guarantee, insurance policy or substitute for real estate transfer disclosures which may be required by law.

Whether or not they are concealed, the following ARE OUTSIDE THE SCOPE OF THIS INSPECTION:

- Private water or private sewage systems
- Saunas, steam baths, or fixtures and equipment
- Radio-controlled devices, automatic gates, elevators, lifts, dumbwaiters and thermostatic or time clock controls

(Some of the above items may be included in this inspection for additional fees - check with your inspector)

Your inspector is a home inspection generalist and is not acting as a licensed engineer or expert in any craft or trade.

If your inspector recommends consulting other specialized experts, client must do so at client's expense.

This inspector is not qualified to detect the presence of Chinese Drywall. Accordingly the issue of Chinese Drywall (and its potential problems) is beyond the scope of the inspection report.

I HAVE READ AND AGREE TO THE ABOVE SCOPE OF INSPECTION.
